Manufactured in the United Kingdom. All products are protected by patents, registered design and intellectual property rights. Flamerite Fires Ltd. will protect these rights. All specifications are correct at the time of publishing but are subject to change.

20 YEARS A FAMILY RUN BUSINESS

Flamerite Fires was founded in 1999 in the historic city of Lichfield, carrying on a thirty-year family tradition of producing electric fires with outstanding design. Since then Flamerite Fires has led the way in changing the look and feel of what was a basic product, falling out of fashion, into a modern and stylish appliance, sought after by homemakers old and young for rooms of all kinds.

Over its 20 year history, Flamerite Fires has won numerous awards and gained a reputation for integrity, excellent customer service and support for the independent retail sector as well as for producing high quality, innovative electric fires, stoves and suites.

Now, with half a century's expertise in manufacturing electric fires and fireplaces, we proudly welcome a third generation into the family business, who remain committed to building good working relationships whilst being mindful of the need to protect the environment and striving for continuous improvement in everything Flamerite does.

Energy efficient LED fires

🔥 SMART eControl
Easy to use iOS & Android app with advanced features to control your fire.

OMNIGLIDE®
A tilting glass panel that enhances the flame picture creating infinity depth, encloses the fuel bed and conceals the heater.

RADIA*Flame* 3D
A strong and radiant flame image with a deep fuel reflection.

N TRA*Flame* 3D
A warm and lively flame image with a deep fuel reflection.
SOLAR*Flare* 3D
A fully enhanced and rich projected flame image.

Cinder**WOOD**
A log fuel effect featuring a realistic and internal radiant burn at the heart of your fire.
